Model Show at the Gatwick Aviation Museum, 20th October

As we don't have any tables to take with us for a display I've politely declined the offer of attending this show. I did consider purchasing a couple of portable tables (about £60 the pair) but couldn't think of many other times we would use them.

IPMS Brampton Show – St Ives

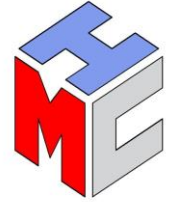

A very enjoyable day out to St Ives for the IPMS Brampton show. Our club had at least 5 members attending which is a pretty good turnout. The day passed by quickly in a blur of talking to people and wandering round the show looking for bargains and also at the models.

I picked up an Su-122 Soviet W.W.II self-propelled howitzer based on the T-34 chassis from Miniart, an Eduard 1/72nd FW-190 and a 2 kit box of 1/144th scale Beech T-34 Mentor training aircraft with markings for Japan. I've now spotted on Hannants a different decal sheet for Spanish ones too, I've added that to the list for Telford. Last items for me were a set of etch brass and paint mask for the Airfix 1/72nd Ju-87 Stuka, a real bargain at £2 for the lot.

The 1st provisional floor plan for the show has just been published and so far we are likely to be in the 2nd hall, Block 2C, we are sandwiched between IPMS London and also US Navy SIG.

This year, please, no boxes on the other club stands when setting up or breaking down.
