AGM February 2020

A reminder that next month is the AGM where we decide on things such as who oversees the running of the club (**1 big clue. it won't be me!**), what the monthly meetings will consist of, the format and possible themes for competitions and anything else you can think of. Thinking caps on please for committee member "volunteers", ideas for meeting subjects or people you know who may be able to give us a talk about something of interest or is there something modelling related you could demonstrate?

It will also be the last competition round of the year for the Theme Build for "First and Last" subjects, for which points will count towards the final positions of the club competitions.

Southern Expo 2020 – March 28th & 29th 2020

Hopefully you won't need reminding but don't forget that the show is starting to get even nearer. Planning is well under way but as ever Robin & I as the organisers and also the club will really need your help. Friday night setup will happen really quickly, blink and you miss it but partly that is due to the number of helpers, we will need some volunteers to help out on

Saturday and Sunday and the club stand will need manning as this is the ideal opportunity for the club to attract new members. Then on Sunday we will need more help breaking down the tables and moving them for collection, again the more the merrier.

Airfix New Releases for 2020

Airfix has announced its release schedule for 2020. Not a lot of new tooling but what there is are listed below: -
